- [ ] searched wirthout a warrant

iit gets fucking worse two gastapo like social workers lead by a scrotum in drag came to my door and came into my home and proceeded to search my appartmentt ment with out my consent without a search warrent whilst i continually said i do not consent they searched my private correspondence violated my human rights and civil rights interrogating me about my bank account in come and out going in most outrageous manner they went through my recent audit about 60 pages or more of transactions in big print and became coersive and threatening when i objected.

go back to the dead dogs arse you got thrown out out of put your face in a meat grinder and go and live in the woods
